*Psalm 138:8 King James Version (KJV)*

*<sup>8</sup> The Lord will perfect that which concerneth me: thy mercy, O Lord, endureth for ever: forsake not the works of thine own hands.*

To Our Friends and Partners,

I am sure that by now most of you know that my precious husband of forty-seven years went back home to be with Jesus on July 26, 2017. He was the most wonderful husband, father, mentor, minister, and friend to all he knew. He loved His Lord with all that was within him, and he was driven to share the love of Jesus with everyone he saw. He will be missed by all that knew him.

As he would want, Angel and I are going to carry on with Gary Wood Ministries. We will not let his vision die. We will try to fulfill his dream and vision; I know that God will direct us every step of the way. I am excited and ready to do what God's calling Angel and I to do. Please pray for us as we step out in this new adventure.

Many of you have written and expressed all that Dr. Gary has meant to you and how much you loved him. Words can not express how much this has meant to Angel and I. We appreciate your ongoing support and prayer to continue the ministry. We will carry on his vision of sharing the Good News of Jesus Christ, and proclaiming God's miracles, signs and wonders.....salvation, healing, and deliverance power to future generations.

October 6, 2017**

On September 28, I returned a call to Dr. Paul House PhD., DD., MD. He had called me concerning our mutual friend ,Gary Wood's returning to Heaven. Gary made his second trip and permanent move to Heaven this summer. Dr. House was hospitalized himself at the time and was asking me for details of Gary's homegoing. He identified himself as the medical doctor, who many years ago set out to prove Gary a fraud. The story and Dr. House's affidavit is in Gary's book *A Place Called Heaven*. In the course of his investigation that included hospital records, he ended up proving that Gary had undeniable proof that in 1966, he was actually dead 61 minutes, and that it was medically impossible for Gary to talk, sing, or drink water, even though he did all those things. For Gary had no larynx. You can read all this in Gary's book.

But what I was so impressed with was what Dr. House told me about Gary during the time Dr. House was confronting him and going about to prove him an untruthful man. Dr. House said, "He was so patient with me. He was never rude in any way." Dr. House and Gary became fast friends for a long time. Dr. House talked about the things he had seen and experienced through Gary. He said, "He had a genuine ministry."

In looking back, I remember Gary just like Dr. House described. Always courteous. Joyful. Always exemplifying divine love. Dr. House emphasized that even when the doctor in him was skeptical and playing the devil's advocate, Gary was courteous and kind. Dr. House said that even before he had the medical proof, he was affected by the love Gary showed him. And he later experienced miracles of healing through Gary's ministry. May that quality of divine love be exhibited in all of us. For as 1 Corinthians 13 points out, love does not notice a suffered wrong. It is only then that we can be conduits of His power.

My grandchildren, who are in the ministry often telephoned "Papa Gary" for counsel and just to hear his voice. Gary always took time for them. I see it now in their ministries. Branden and Destanie Brim are honored to have been asked to speak at Reverend John and Deb Davis' Branson Revival at the Radisson Hotel, October 8 at 7:00 pm. For more information call: 417-343-9410. Through this young couple, the Lord has demonstrated His love and His power. They have recently come from ministering in Mexico City, and they are on their way after Autumn Assembly to France and the UK. I plan on attending Sunday night so hope to see you there. I copied the following from John Davis' website. Read it and you will understand his call to what he calls The Branson Revival. John Davis, An Ambassador of Revival Evangelist : John Davis has traveled the nations for over 40 years in revival ministry. Most recently, he traveled as the Ambassador for the Pensacola Outpouring. The "Pensacola Outpouring" began at the Brownsville Assembly of God Church in Pensacola, FL on Fathers' Day 1995. More than four million people from all around the world have attended with over three hundred thousand conversions.

Love in Him,  
Billye Brim

Due to limited space we are unable to share all of the many testimonies of Dr. Gary Wood's legacy that continue to pour into the ministry office; thus, we will share as many as possible:

- ◆ A General in the faith, a gem of a man, who brought overflowing joy and amazing love wherever he went.....Oh what a joy as Dr. Gary Wood finds out how he impacted so many.....Deena, his wife, stood with him in everything. She will get the same reward as Dr. Gary..... She was always there for him. I would see her laughing under her breath and nodding her head.....their love for God, the call on their lives and each other brought them through.....Behind every great man is a great woman.
